

# *mju:wax*<sup>®</sup> 7800 M

---

**Product description**      **micronised wax**      **EINECS: preparation**

---

*mju:wax*<sup>®</sup> 7800 M is a micronised bio-polymer.

<b>Characteristic</b>	<b>Unit</b>	<b>Target value</b>
Appearance	-	off-white powder
Particle size (D <sub>50</sub> )	µm	5
Particle size (D <sub>99</sub> )	µm	25
Drop point	°C	175

---

**Major fields of application**

---

*mju:wax*<sup>®</sup> 7800 M improves matting, slip and scratch resistance in water borne coatings as well as graphic arts applications. *mju:wax*<sup>®</sup> 7800 M is biobased and biodegradable.

---

**Packaging**

---

Paper-bags of 15 kg netto.

---

**Storage**

---

The product has to be stored dry and closed at room temperature.

Beware of sunlight and heat.

Stability at least 2 years from date of delivery.

---

**Hazards**

---

This product does not require labelling in terms of CLP/GHS guideline. Further security relevant data see safety data sheet.

---

**Ecology/toxicology properties**

---

The product is water insoluble. Further information see material safety data sheet.

---

**Status under food legislation**

---

The product fulfills legislations of various countries. More details on request.

All information given here are based on our own research or the research of others and believed to be accurate and shall give the user guidance for the application. Nevertheless these data are no specification and due to the versatile possible formulations, applications, processings and further parameters at the formulator/user the usage of this product has to be tested carefully in the particular system/application by the formulator/user. All information mentioned here are not warranted properties. There is no responsibility of the seller if the material is used outside the recommended field of use; any liability, also for any patent infringement, cannot be derived from this.
